Amy Images
Fine Art Photography

Johnson Family,

It was such a joy photographing your awesome family! This is a very special time in your lives, and I was honored to capture these memories for you. I hope you'll enjoy these images for years to come. I look forward to photographing your family again in the future.

I wanted to mention a few things. Your gallery will be available to 2 months. With the transfer of these images to you, I am removed from having any legal obligation to maintain copies. As such, please backup your images to at least two different sources. I highly suggest not relying on digital images alone as they are subject to digital decay and corruption and I'd hate for you to lose your photos!

I've included a print release so you can have your images printed at your favorite lab in the future. I highly recommend printing with a professional lab to ensure correct color and quality. I love Mpix.com or Nation's Photo Lab. Give them a try for your standard prints. If you choose a basic print lab, your photos will not be the same quality. I also recommend printing 5x7s or larger to get the best result for your beautiful memories.

Please think of me in the future. I would love to be a part of more memories! Again, it was an absolute pleasure working with you and getting to glimpse in at such an incredible time for your family. If I can be of any additional service, please let me know.

Thanks so much!

Sincerely,

*Amy Jones*
